The Domina Files volume 82 Mistress Shae Los Angeles CA - USA Running Time: 80 mins

€ 9,95

The Domina Files brings you a glimpse into the world of Mistress Shae Flanigan, a strict and nuturing Domina that prefers to play in the deep end when it comes to the games of BDSM.

Equipped with a deep skill set of not only the physical, but mental aspects of BDSM, Mistress Shae takes her willing slave girl on a pleasurable journey. Delicate knife play and head games start off their kink filled time. A round of Tic - Tac - Toe is played upon the human canvas before being tormented with the thought of additional markings. She then delivers a caning session to the already knife warm bottom of her submissive girl before extending the treatment with a classic over the knee spanking. Watch this now!
