The Domina Files volume 83 The Art of Pain II featuring Baroness Mercedes & Amazing Eve Gelsenkirchen - Germany Running Time: 82 mins

€ 9,95

We were invited back to the amazing Baroness Mercedes and her wonderful studio Art of Pain for a full day in her dungeon to see how she and one of her colleagues Amazing Eve treat three submissive men in different sessions with lots of bondage, leather and rubber. After we saw her alone in Domina Files volume 29 she has added so much gear to the studio and has so much more to offer we could not resist coming back. And it was a blast. Bondage, CBT, medical treatment, rubber, caning and whipping, electroplay, strap-on play, bootworship – it is all there, hot and steamy! Complete with a peek in the town of Gelsenkirchen and an interview with Baroness Mercedes – which has had over 100,000 views on You Tube…This is a much anticipated DVD you should not miss!
