You Turn Me Upside Down Starring: Kleio Valentien & The Pope Approx. 70 mins 2017 Kink.com

Kleio is no stranger to dominance and submission, but this is her first taste of being on the receiving end, and playing the role of a submissive. She begins the day restrained in a position that shows off her amazing curves. Next we flip her upside down, spread her legs, and the torment begins. Her feet are caned, her nipples are clamped, and her pussy is destroyed with flogging and powerful orgasms. We shove a dildo down her throat, and close the day out with her in the position that suits her best; her slutty ass in the air and restrained in a doggy position. We pound her pussy hard and fast and she can't stop the orgasms from getting ripped from her cunt.
