Arabelle is a sexy little thing and a self proclaimed cock pleaser. Her ability to swallow large cock will get tested today. She is locked into menacing devices, tormented with extreme corporal punishment and made to cum. Her feet are brutalized with bastinado and her body is nicely striped with cane marks. She is flogged until her skin glows a bright red and every slut hole that she has is fucked. She is double penetrated in the final scene until she begs for it to stop.
