

Down The Rabbit Hole Starring: Aria Alexander Approx.: 66 mins 2017 kink.com

Aria is still new to BDSM, but now that she has taken the first step, she is drawn to it even more. She started this journey out of curiosity of the kinky things she fantasized about, but now she craves the pain. Domination is the only thing that can satisfy this slut's need to suffer. We put in her bondage and inflict pain that she's never felt before. We show her suffering like nothing she has ever had to endure, and she still wants more. Her fascination has turned into an obsession that we are more than happy to feed.
