Roxanne is a little brat that thinks she can have everything she asks for. Today she thinks that she is getting her way again because she begged for me to dominate her with a hot fem domme. What she doesn't know is that I'm the one who's getting everything the way I want it. From the first moment, Roxanne is terrorized with extreme punishment from both Daisy and myself. But it seems Daisy has spent a little too much time as a top and forgot her place when she is around me, so she is taken down a notch and made to lick Roxanne's pussy. Roxanne is already utterly fucking destroyed, but I'm not finished with either one of them.
