

Big Tit Brat Starring: Charlotte Cross & The Pope Approx.: 67 mins 2017 kink.com

Charlotte is a fangirl who decided she would join the industry and be part of it herself. I set the pace of the day by putting her on a pussy perch and spread her out wide. All of her weight rests on her cunt and it's evident that she is suffering. Next she is in a floating seated position with her pussy fully exposed. Her feet are also on display and I ensure that this brat suffers with a brutal caning to her delicate soles. Her pussy and mouth get fucked and then her pussy squirts from overstimulation. In the final scene our brat has her arms and legs belted and then wrapped. When I'm finished with her I leave her writhing in the middle of the floor.
