Fanboy, Tanner Tatum told me he has been watching me and Lorelei for a few years now. He says he is our biggest fan. What the hell, let's see if he can measure up to all the talk. I wrapped him in chains and we go to work on him until sweat drips from his brow. Whippings, deep ass fucking and so much more! You won't want to miss me and Lorelei draped head to toe in wet latex doing what we do best!
