Girls like Darling need very little warm up before you can just pound on them. She is strapped to the wall and the assault begins. Next she is bent over putting her sexy ass on display for more grueling punishment. Her body endures constant torment before she is rewarded with orgasms from a dildo and vibe. Her mind is numb now, so we move to the final position. Darling is on her back with her arms and legs bent and held in place with bondage tape, leather and chains. Her body is covered in brutal pegs and and then made to cum again. Orlando releases her and makes her remove the pegs while making herself cum for the final time.
